The Land & Garden Preserve
Annual Report for 2015
2015 was a year of many dramatic changes at the Land & Garden Preserve. First of all, David Rockefeller celebrated his 100th birthday by donating 1,022.34 acres of land around Little Long Pond to The Preserve. This gift assured that this land would be open and available to all, for today’s visitors as well as future generations. Along with this gift of land, many individuals contributed generously to develop a new endowment, specific to the lands and trails of The Preserve. From this endowment, we are able to hire two land stewards for the summer of 2016. As you hike along the trails and carriage roads, you will likely encounter the stewards this summer as they work to keep the trails in top shape.

Additional contributions allowed us to hire the fantastic trail building team, Pathmakers, LLC, who completed a new trail that connects Eliot Mountain with the western carriage road around Little Long Pond. This new trail, which features a memorable staircase running alongside of majestic ledge outcrops, is named the Richard Trail. The name is in honor of Richard Rockefeller, who passed away unexpectedly in 2014.

The second big change came with the leadership of The Preserve. After 15 years of serving as The Land & Garden Preserve’s first, full-time director, Carole Plenty retired. Personally, I would like to extend a huge thank you to Carole for the amazing amount of work she was able to complete during her tenure in developing The Preserve from a start-up to a reputable non-profit, with local, national, as well as international acclaim. Priscilla Hutton, after 13 years at Thuya Gardens, retired from The Preserve. Priscilla’s notable achievements during her tenure include the dramatic border combinations and a comprehensive organic management
program for the lands and gardens of Thuya and Asticou Terraces. With Priscilla’s retirement, we were fortunate to be able to hire Wendy Dolliver, who transitions over from Greenrock and McAlpin Farm in Seal Harbor. Wendy has hit the ground running and we are excited to see her influence on the flower borders at Thuya. The Preserve staff was able to grow in 2015 with the valuable addition of Christopher Stevenson as our first Director of Finance and Land Conservation. Chris brings a diverse background as a lawyer and teacher, as well as experience in land conservation and ecology.

A huge, heartfelt thank you goes out from The Preserve to you. All of you give of your time and resources to help us continue to provide open access to the gardens of Thuya and Asticou as well as the majestic lands surrounding Little Long Pond. Many of you I have yet to meet and I look forward to doing so in the months and years to come. Please feel free to call or send me an email at any time.

Respectfully yours,

Rodney Eason, CEO
