

## **Volunteer opportunities in the Gardens**

There are a variety of opportunities to volunteer with the gardens of the Land & Garden Preserve. Volunteer opportunities keep evolving and include:

- Answering guest questions while spending time in our beautiful gardens.
- Working around the pollinators while trimming spent flowers in the border gardens at Thuya Garden or Abby Aldrich Rockefeller Garden.
- Assisting with weeding or pruning shrubs at the Asticou Azalea Garden or learning to rake the Sand Garden.
- Assisting Thuya Lodge Docents with guests in the rustic Thuya Lodge.
- Assisting with growing baby plants behind the scenes at the McAlpin Farm greenhouse complex.

To express your interest volunteering, email [info@gardenpreserve.org](mailto:info@gardenpreserve.org) and share your availability and preferences for volunteering.
